...We Can Edit Your Prison Photos!

What we can do with your photos

We can change:

- * **background** (you can name ANY place in the world – we'll look for the perfect site and add whatever background you want. A beach, any city that you like, your favourite sport team's stadium, a holiday or romantic background, a sunset/sunrise, a park, a snow scene, a nightclub etc.) it will look exactly as if you were there in person
- * **clothes** (describe the kind of clothes that you want to wear and we can put you in just about anything: a suit, jeans/shirt, your favourite sport teams' jersey, etc.)
- * **add people/** delete people (you can send us several photos and we can put the people you want together on one photo – please make sure that the people you want together are all looking forward so the face can be seen clearly)
- * put your friend/ family member into an **existing photo** such as a family photo, a living room scene or a holiday photo, etc.
- * we can put your friend in a place where he/she always wanted to be (monument, stadium, beach, city, etc.)
- * put your friend / family member next to people they **haven't seen in a long time** or never met before like children or grand children, pen pals from another continent or when they missed an important event
- * photos taken in prison are usually of poor quality, we can in most cases „**repair**“ these photos to a good standard
- * if you have **married in prison** we can create a romantic photo with flowers, hearts, a new background (like a church, a park, a wedding party etc.)
- * we can make **Valentine's Day & Christmas pictures**, too: with hearts, balloons or a Christmas scene with gifts, a tree and santa clause hats
